

## Help Tell America's Clean Energy Story *Become a 2018 Factbook Sponsor Today*

The Business Council for Sustainable Energy is proud to be releasing the 6th edition of the Sustainable Energy in America Factbook in early February 2018. The upcoming issue will be full of strong economic and deployment data across the energy efficiency, natural gas and renewable energy sectors.

**Why 2018 Matters:** There is a pressing need to have policy considerations, especially at the state and federal levels, focused on the facts – and there is a real threat that some of the dynamics and trends in the sector will be misconstrued or manipulated. The 2018 [Sustainable Energy in America Factbook](#) will provide an invaluable tool to communicate the progress made on clean energy and the broader dynamics in US energy markets.

As a valued BCSE member, we invite you to become a sponsor the 2018 Factbook today.

### Your Support is Needed!

BCSE seeks additional sponsors that will enable us to amplify and communicate the facts to new and important audiences. Sponsorship levels range and can start as low as \$2.5K for Associate members. BCSE is appreciative of all sponsorship contributions and is open to talking with any member about a sponsorship package that best fits its needs and financial situation.

### Why Sponsor?

*Get a Unique Opportunity to Tell Your Story With the Facts*

Factbook sponsors become the faces of the Factbook and get to share their industries' story to policymakers and key influencers through the range of meetings, briefings and public events that the BCSE organizes. Factbook sponsors also are promoted at all major events and are listed on the dedicated Factbook website and collateral materials. Please see the [2017 Factbook outreach report](#) to get a sense of the breadth of outreach on the Factbook over the course of the year.

Benefits of sponsorship include:

- Promotion of sponsors in promotional materials and events on the 2018 Factbook
- Invitations to private briefings with policymakers
- Speaking opportunities and public and private briefings
- BCSE can also work with sponsors on special projects to add value to your sponsorship contribution

*Thank you to those who have already committed to sponsor the 2018 Factbook:*
